- (xii) Any other drawing/documents required for execution of project and requirement of site as directed by General Manager/Unit In Charge.

For both internal and external works

All the design/drawings submitted should bear Architect's certificate "**Released for Construction**".

- (iii) The Second Party shall get the approval of the plan from the regulatory authority/development authority, if required. However, the First Party shall give necessary administrative assistance and shall pay the required fees to the authorities concerned.
- (iv) In case submitted architectural/structural design details are found suitable for any other project then fees will be paid to the Second Party on repetition basis.
- (v) The above rates include charges for two inspections of the site of works costing up to Rs. 5.00 crores. The above mentioned fees also include one extra inspection for every increase of Rs. 5.00 crore in the cost of works. For further inspections beyond above, if required, the Second Party will be paid separately as per conditions laid down in the office order no. 2244/G-2/130 Dt. 14-09-2007.
- (vi) The design of all R.C.C. structures (Overhead tank and framed structures) can be got vetted by General Manager concerned from I.I.T./ Govt. engineering institutions . Payments in this regard will made by the department but the objections raised in the designs and drawings will be rectified by the Second party and he will submit corrected design calculation & drawing and in six copies each for which no extra payment shall be made.
- (vii) The reinforcement and bar bending schedule should be submitted in six copies. The consultant shall also provide total weight of reinforcement required in respective structures.

- (viii) Position and type of construction and expansion joints should be indicated clearly in the submitted drawings.

(B) DETAILED ESTIMATE:

- (i) After approval of detailed architectural design and drawings the Second Party, in consultation with First party's Project Manager will, within a total time limit of five weeks, prepare and submit detailed estimate to him. The detailed estimate will include complete specifications of the works, details of measurement, analysis of rates, abstract of cost, consumption statement and details of special items such as aluminum doors, windows, hand rails, water proofing and all other necessary specifications and details required for the work. As soon as the work is allotted concerned Project Manager, in consultation with his General Manager, shall provide analyzed rates to the consultant.
- (ii) The detailed estimate will be got scrutinized by General Manager concerned through the concerned Project Manager. In turn the Second Party will be responsible to remove the objections raised by the Project Manager and submit the detailed estimate, duly typed and comb-bound in 6 copies to the concerned General Manager within two weeks. However it will not absolve the second party on any liabilities incurred by the department due to lapses on the part of second party.
- (iii) The Second Party should ensure that the detailed Architectural Design, Specification and estimation should be as per Govt./Client department's sanctions for the class/ specification of buildings. No unnecessary provision or unwanted features should be included in the Architectural drawings/estimate which may increase the sanctioned cost of the project unreasonably.
- (iv) The rates incorporated in the estimate should be as per schedule rates of UPPWD/CPWD-DSR as required. Market rates/analyzed rates with relevant documents, will be adopted for items for which rates are not available in above schedules and these will form part of detailed estimate.
- (v) Payment of the bills of architect for architectural and structural consultancy will be made by the C&DS(HQ), if the said work has already been approved technically by the competent authority. In case, the administrative and financial approval is there and work is to be started at once, the payment procedure of the bills, produced by the architects, shall be followed as per Para 5.4 (i.e. stage of payments), provided with the certificate issued by concerned Project Manager. The Project Manager will issue the certificate that the drawings/designs have been received by him and those are up to the mark and his satisfaction.
- (vi) The Project Manager will ensure that the Second Party has inspected/visited the site before formulation of the Project.
